

AI USAGE STATEMENT

Artificial Intelligence Policy

Voller Surveying Services Ltd is committed to maintaining high professional standards while responsibly embracing modern technology.

Artificial intelligence and machine learning tools may be used to assist with:

- Administrative work
- Drafting
- Formatting
- Proofreading
- Research
- Data organisation

AI systems are not used to replace professional inspection, professional judgement, experience or expertise.

All reports remain subject to review by a qualified surveyor before issue.

Survey findings, professional opinions and recommendations remain the responsibility of Voller Surveying Services Ltd.

The use of AI does not reduce or transfer the professional obligations owed to clients.
